

# Blended Learning with Station Rotations

Schoology is a free blended learning platform developed for educational institutions that aim to simplify creating, distributing, and grading assignments. The main purpose of Schoology is to streamline the process of sharing files between teachers and students.

\* Required

## Course Outcomes

**BHAG**

Learners' reading engagement will increase by learning skills through reading and writing personal narratives and implementing blended learning.

Students can connect previously learned knowledge with new knowledge to make inferences about the world around them.

1. Was the Schoology Platform easy to navigate? \*

Mark only one oval.

Yes

No

2. Did you have difficulty using Schoology? If yes please explain. Provide ways of improvement. \*

---

3. Did you find the introduction video? \*

Mark only one oval.

Yes

No

4. What did you like most about the course? \*

Mark only one oval.
